Trip summary

This superb tour highlights the very best that Vietnam and Cambodia have to offer taking in cultural wonders, fascinating historical sights and beautiful scenery whilst travelling in real style throughout.

Your holiday begins with an in-depth tour of the incomparable Angkor Wat temple complex - one of the most important archaeological sites on all of Southeast Asia. Transferring to Kampong Cham, you board your luxurious Pandaw cruise ship and set sail for seven nights along the Mekong River. Perhaps the most scenic river in Asia, the Mekong is also the most vibrant and there is much to see as you cruise along, including floating markets, picturesque villages and countless temples. Each day there are excursions which will reveal different aspects of local life and history which you will explore by boat, tuk tuk and on foot.

In addition to time on the river in Cambodia you will also take a tour of the capital city, Phnom Penh, visiting the ornate Royal Palace and Silver Pagoda, as well as having the opportunity to spend time at the thought provoking Killing Fields.

Crossing into Vietnam there are further shore excursions to important cultural and historic sights, places of natural beauty and lots of local colour and culture.

The cruise ends in Saigon where you disembark for further 5* comfort in Vietnam's largest city, an absorbing blend of ancient cultural traditions and modern economic dynamo. Staying in a centrally located hotel, you will discover many aspects of its complex history as you stroll down leafy boulevards past atmospheric colonial buildings, visit a traditional market and see a variety of cottage industries in action. You will also visit the Cu Chi tunnels - one of the most haunting remnants of the Vietnam war.

Aboard your Pandaw ship you will cruise in style with large, well-appointed cabins, spacious viewing decks and first-class facilities. The food is exceptional and varied with a wide range of international cuisine, there's even unlimited ice-cream served on the sundeck! In the evenings, you can relax in the comfortable saloon bar, enjoy the cultural performances or take in the educational talks and films that are provided by the highly experienced ship's crew and onboard experts.

RV Mekong Pandaw

The original P-class ships were built by Yarrows of Glasgow in the late 1940s to replace the ships of the old Irrawaddy Flotilla Company lost in the war. The design was based on earlier 1930s designs with side paddles and the addition of a flying bridge. All the ships had a name beginning with P and one of these was the original Pandaw that was acquired in 1998 and lovingly restored. The P-class ships with their broad beam and shallow draft were all deployed on the Bhamo to Mandalay route.

Built in Rangoon (Yangon) in 2002 the RV Mekong Pandaw sailed round to Saigon under her own power and with many a drama as described in Paul Strachan's Pandaw Story. This ship was designed specially for the Mekong and unlike the other P class ships does not have a flying bridge. The reason was so that she could get under a road bridge. She did actually scrape under on her maiden but it was so scary that Paul Strachan, then standing on the bridge, never dared attempt it again. As a result, they ended up with this incredible 750 square metre teak deck that even has a full-size billiard table.

The MP, as she is affectionately known, is a most spacious ship with wider promenades, a larger dining hall and more public space per passenger than any known ship afloat.

In 2012 she was refitted and lower deck cabins removed in favour of a professional spa, gym, library lounge and office. She is quite justifiably the most splendid ship on the Mekong and the envy of anything that is afloat.

Built 2003 in Yangon, refit 2013

Length: 200ft / 60m

Beam: 36ft / 11m

Draught: 4ft / 1.5m

Berths: 48 pax

- They offer high quality, personalised service

The cost of this wine package is approximately £155 per person. We can confirm this cost upon booking. Please advise at the time of booking if you would like to add this on.

Please note that you are required to wear clothes that cover your shoulders and knees, no shorts are allowed in the Royal Palace.

Later on today you will have the option to visit the Killing Fields and Toul Sleng Genocide Museum. You will be taken by coach which will take approximately 1 hour. The Toul Sleng Museum provided the base for the Khmer Rouge security force and prison and interrogation centre, S21. The building, formerly a primary school, together with the photographs of many of the victims displayed on the walls, now stand testament to the brutality and murderous actions of the Pol Pot regime. After the prisoners were interrogated here they were taken to Choeung Ek to be executed. Many of the country's intellectuals along with some Westerners were labelled 'enemies of the revolution' and killed in this complex. There now stands a stupa filled with human skulls as a memorial to the victims.

Important note - if you wish to opt out of this afternoon excursion to the Killing Fields and Genocide Museum, then this is fine. Please let us know at the time of booking, if you wish to visit the Killing Fields.

There is ample time to enjoy your stay in Phnom Penh as the ship will be moored in the city jetty and you are free to go ashore at any time while the ship is there and the port gate is open (it closes around 11.00pm). The nature of adventure travel

Every effort will be made to keep to this itinerary but we cannot guarantee that things may not change, either before you travel or while you are away. By its very nature, adventure travel involves an element of the unexpected, particularly in more remote areas. A variety of factors such as adverse weather conditions, changes to local schedules and difficulties with transportation can all contribute to the need to make changes to the itinerary, often at the very last minute. Our Operations Manager and your Trip Leader will make every effort to maintain the integrity of the original itinerary and minimise the impact of any changes, but an easy-going and flexible nature is a real asset! Please note that all timings and distances given are approximate.

RESPONSIBLE TOURISM STATEMENT CLIMATE EMERGENCY PLAN

For over 33 years, Mountain Kingdoms has been offering people the chance to visit amazing places on this extraordinary planet. We now offer trips to all corners of the world, but we are conscious that inevitably our holidays have a detrimental impact on the world around us, and we want to do all we can to reduce our carbon emissions. We are a signatory to Tourism Declares a Climate Emergency, along with a growing number of like-minded, reputable tour operators. For more information, please visit www.tourismdeclares.com

From 2020 onwards, we will be focusing on how we can reduce the carbon emissions that our holidays produce, and how to counterbalance this carbon by supporting carbon offset measures. Here are some of our current and future plans to minimise the impact of our business as a whole:

Carbon Offsetting

Already doing:

- ✓ We have been offsetting carbon since 2007, but will be increasing our donations to the [Ecoan tree planting project](#) in Peru this year. This is with a trusted partner where the funds go directly to a project where the community plants trees on its own land.

Will do:

- ✓ We are working on making our carbon offsetting more accurate and targeted.
- ✓ In future, we will add to that a further estimate for carbon produced by hotels, local road travel, trains and internal flights to arrive at a carbon offset sum for each trip we operate.
- ✓ Carbon offsetting will be included in our holiday prices. For our Flight Inclusive holidays it will include the international flight and any emissions produced by inland travel and accommodation. Our Land Only prices will include the cost of offsetting emissions caused by inland travel and accommodation.

Reducing Carbon Emissions

Already doing:

- ✓ We already offer the majority of our customers a free filtered water bottle which means they can instantly cut down on their single-use plastic consumption. This will be an ongoing project.
- ✓ We already predominantly use locally owned hotels, but will continue to ensure that, where possible, we use these rather than multinational chains.
- ✓ We have joined the Tourism Declares a Climate Emergency initiative to stand alongside like-minded travel companies, to work together to initiate best practices to make tourism as sustainable as possible.

Will do:

- ✓ We will re-evaluate our flights to make sure we are using the most fuel efficient airlines with the youngest fleets and, where possible, direct flights for each trip.
- ✓ We will stop offering unnecessary optional flights – for example our Everest sightseeing trip.
- ✓ We will eliminate unnecessary staff flights wherever possible.
- ✓ We will look at minimising internal flights.
- ✓ We will be asking all our worldwide agents and suppliers to look at their own carbon footprint and encourage them to reduce it.
- ✓ We will promote our more low impact trips to give customers an informed choice.

As part of our wider commitment to Responsible Tourism, we will continue to support a number of charities with whom we have had a long standing relationship over many years. These include: Shiva Charity in Nepal (Ginette Harrison School), Simien Mountains Mobile Medical Service and Porter Welfare, as well as setting aside a sum for emergency disaster relief should the need arise.
